THE ORIGIN OF ORGANIZATION

SHAMA VIKAS SAMITI came into existence being after a few social activists realized that social change could only be ushered through social movement and developmental programme. Through the movement of human rights and agriculture issues social activists came on the platform. Any types of development can be ushered only by people's spontaneous one participation irrespective of caste, creed, and religion and gender. Even after the lapse of five decades and more the basic condition of people have not changed. So many concessions / subsidies allowed to uplift the condition of poor but, the condition remains same. The people of these areas are saddled with the problems of mass scale illiteracy, ignorance, superstition, poverty, economic and cultural backwardness, rapid migration, and oppression to women and abuse of children and so many others, middlemen exploiting the labours.

After assessing and observing such grim and deplorable situation we the people of Islampur Block formed a philanthropic organization named **ShamaVikasSamiti** in 1984. Registered under Society Registration Act 1860 (XXI) dated 19th October, 1987.
